

PROCLAMATION

In Honor and Recognition of All Mothers Mother's Day 2023

For more than a century, Americans have set aside the second Sunday in May to honor, celebrate, and thank the inspirational mothers in our lives. Today, we recognize mothers everywhere who inspire us to dream big and to never give up.

Mothers have always played an integral role in shaping our great Nation. Even before our country was founded, mothers inspired sons and daughters to patriotism and devotion to the ideal of freedom for all. Inspirational mothers across America continue to pass on this same lesson, encouraging their children to become leaders in their own families and great citizens in their communities and this Nation.

Even in our lowest moments, mothers see the best in their children. Through their guidance and unwavering love, they prepare us for the challenges of adulthood and provide us with the confidence we need to reach our full potential. They are some of the best examples of everyday heroes, and their consistent devotion to family and grace under pressure too often go overlooked.

On this Mother's Day, we pay tribute to our mothers, whether we are their children by birth, adoption, or foster care, for their devotion to seeing us lead happy and successful lives. Today, and every day, let us ensure that our mothers know and feel our deep gratitude for the gift of life and for their unmatched sacrifices to strengthen our families and our Nation.

NOW THEREFORE, BE IT RESOLVED THAT we the Commission of the Village of Biscayne Park, do hereby honor All Mothers on this 2023 Mother's Day, Sunday May 14, 2023.

**Dated on this 2rd day of May,
2023 VILLAGE of BISCAYNE
PARK**

Mayor Jonathan E. Groth

Vice-Mayor Veronica Amsler

Commission Art Gonzalez
